

HOIS SYMPOSIUM: REMOTE INTERNAL AND NON-INTRUSIVE INSPECTION OF PRESSURE VESSELS

LAUNCH OF NEW INDUSTRY GUIDANCE

JANUARY 18, 2024

QUASSET INNOVATION HUB
HOUSTON, TX, USA

Join us for a full day of exploration and innovation at the **HOIS Symposium on January 18, 2024**, at the Quasset Innovation Hub in Houston, Texas!

This is the day HOIS will officially launch two new industry guidance documents:

- HOIS Recommended Practice for Remote Internal Inspection of Pressure Vessels
- HOIS guidance for Ultrasonic Non-Intrusive Inspection at Elevated Temperatures up to approximately 250° C (480° F)

Acquire in-depth insights and gain inspiration from presentations given by industry leaders contributing valuable insights to advance the industry and interact with exhibitors showcasing cutting-edge innovations. Conclude the day with a networking dinner, creating a prime opportunity to connect and collaborate with industry peers. Seize this chance to advance industry practices and forge invaluable connections at the forefront of innovation!

WHY YOU SHOULD ATTEND

- Learn more about the benefits and good practice of remote internal and non-intrusive inspection of pressure vessels at elevated temperatures based on new industry guidance documents
- Technical presentations
- Learn more about HOIS and current projects
- Exhibition and Technology Demonstrations
- Afternoon Drinks followed by a Networking Dinner
